

AOV uses tested inks, equipment and techniques developed over the past 15 years so we can guarantee your Technical Fabric shirts will be printed perfectly. If there is a print or garment defect; you don't pay for it!

The following chart shows the “per imprint” price for printing. An imprint is what’s printed each time a screen is lowered and a design printed onto a garment. So...

- If there are several logos are printed at the same time, this is just one imprint.
- If a logo is printed on the front and the back it would require two “imprints.”
